Images

View your photos, shop for new wallpapers, and adjust wallpapers on the internal and external displays.

Alltel Shop

Download the latest ringtones, wallpapers, games, and more.

Games

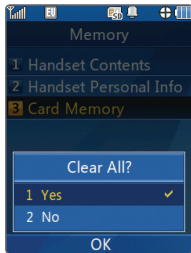

Play great games downloaded from Alltel Shop.

Transferring Music

Stay in the groove by keeping your favorite songs in your pocket. It's easy to transfer music from your PC to your LG Swift.*

1. Insert a microSD card* (gold contacts facing down) into your phone.
2. The first time you transfer music, you must format the card. Press **MENU** to enter the main menu, and then select **Settings (9) > Security (3)**.
3. Enter the lock code (typically the last four digits of your phone number), and then press **MENU**.
4. Select **Reset Default (5) > Memory (1) > Card Memory (3)**.
5. When prompted to clear all of the card memory, select **Yes (1)**. You will need to enter your lock code again to confirm this action. When finished, press **END**.
6. Connect a USB cable* between LG Swift and your PC.
7. Select **USB Mass Storage (2)**.
8. The PC will recognize the phone as a **Removable Disk** and a screen will appear. Drag and drop music files on your PC into the **My_Music** folder.
9. When done, disconnect the phone.

*USB cable and microSD card required. Sold separately.

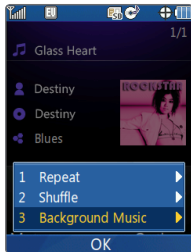

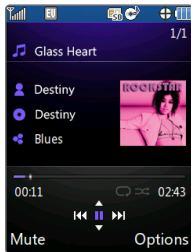

Playing Music

Forget carrying around a separate MP3 player. A great all-in-one device, LG Swift's integrated music player lets you keep your tunes at your fingertips.

1. From standby mode and with the flip open, insert a microSD card* containing music into your phone.
2. Press the **side MUSIC Key** on the left side of the phone.
3. Press **MUSIC** to begin playing the highlighted song. You can access additional music player features by pressing the **Right Soft Key for Options**.
4. To continue listening to music while you perform other tasks, press **END** and then select **Yes (1)**.

NOTE: For added portability, you can listen to music with the flip closed. To do this, simply press and *hold* **MUSIC** and then press **▶||** to begin playing the highlighted song.

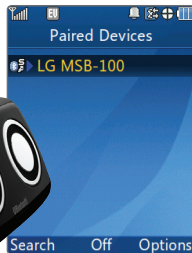

*microSD card sold separately.

Bluetooth® Pairing

With LG Swift's *Bluetooth* wireless technology, you can easily connect to headsets, speakers, computers, and more.

1. Set your *Bluetooth* accessory into pairing mode.*
2. From standby mode, press  to enter the main menu, and then select **Settings (9) > Bluetooth (5) > Paired Devices (1)**.
3. Press the **Left Soft Key** for **Search**. If *Bluetooth* is off, you'll be prompted to turn it on.
4. Select **New Search (1)**.
5. Once your *Bluetooth* device has been found, highlight it and press  for **Pair**.
6. Enter the passcode* (typically "0000" – 4 zeroes), and then press  for **OK**.
7. Select **Yes (1)** to connect with the device.

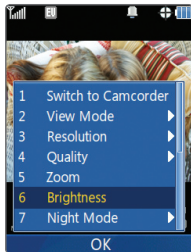

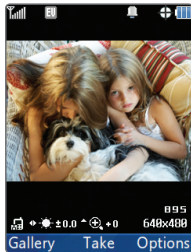

*Refer to your Bluetooth accessory's user manual for information about initiating pairing mode and the passcode.

Taking a Picture/Recording a Video

Never miss a moment with LG Swift's 1.3 megapixel camera and camcorder. Take pictures and record videos instantly with this versatile phone.

1. To take a picture with the flip open, press and *hold* the **side**  **Key**.
To record a video, press  and select **Record Video (2)**.
2. Press the **Right Soft Key** for **Options** to access customizable features.
3. Press  to take the picture or start/stop recording.
4. Press  to send the photo/video to someone.

NOTE: You can create self-portraits with the flip closed. From standby mode, press and *hold*  and select **Take Photo (1)** or **Record Video (2)**.
